

Innovative Communicator Accelerator Programme (ICAP)

HALF-DAY INTRODUCTORY WORKSHOP

Our half-day interactive taster session explores the key concepts we cover in our master ICAP programmes. It will give you a rich insight into how innovative communication leads to improved performance, profits and reputation.

We use a wide variety of teaching methods. This means you'll have opportunities to listen, participate, question and explore throughout the workshop.

By the end you'll have a clear understanding of what it means to be an Innovative Communicator and how our full programme can help you transform your communication and leadership skills.
